

CALLED ON COMRADES TO SHOOT HIM DOWN

French Government Tells How
Zouave, Prisoner of Germans,
Gave Up His Life.

PARIS, November 24.—There was given out semi-officially in Paris the following recital:

"The other day in Belgium a German column was advancing to attack the forest of Brie, defended by a detachment of Zouaves. Our men noticed that before them the Germans forced a Zouave prisoner, and at the same time they heard cries of 'Stop firing!'"

"For an instant our riflemen and the men in charge of our machine guns

hesitated. Then from the German ranks they heard the voice of the Zouave prisoner, who called to them: 'Shoot! Shoot! It! (Tirez donc nom de Dieu.)'"

"There then flashed out from the ranks of the Zouaves a general discharge of rifles and machine guns. This fire laid low the assailants of the Zouaves, and with them fell the heroic soldier whose devotion made it possible for his countrymen to checkmate the rise of the enemy."

"If the name of this brave man is unknown, at least his regiment will retain forever the remembrance of his sacrifice, which is equal to any of the most courageous personal incidents recorded in our glorious history."

SUBCOMMITTEES AT WORK FOR RELIEF OF BELGIANS

Generous Contributions of Money,
Food and Clothing Received
at Headquarters.

The effect of the organization of subcommittees in different sections of the city to co-operate with the District of Columbia committee for the relief of the women and children of Belgium is noticeable in the generous contributions of money, food and clothing being brought to the headquarters in the Cripps building, 425 11th street northwest.

The Mothers' Club of Buffalo, N. Y., through Mrs. Ella Hoover Thatcher, has sent in twenty-five women's flannel shirts and twenty-five women's flannel skirts. The Georgetown Industrial Center has contributed 100 women's coats and twenty-eight women's waists. Miss Grey, in the Lenox, has sent in many knitted garments for women and children, including mittens and blankets.

In the front window of the headquarters is a large cartoon made by Clifford K. Berryman, cartoonist for The Star, which is attracting much attention and winning sympathy for the cause.

A teacher in a seminary at Glen Echo has sent in a dozen mufflers and a dozen of the head handkerchiefs worn by the Belgian women instead of hats. These are in the Belgian colors.

The pastor of the Rhode Island Methodist Church contributed \$10.25. The cash contributions yesterday were \$60.

The Chevy Chase circles are beginning to help, a new subcommittee having been formed in the last few days. Three active members are Mrs. Edwin Rosen-garten, Mrs. George Minnerode and Miss Prescott Gately. A number of other persons are expected to organize committees in the near future.

DONATIONS ARE LIBERAL TO COLUMBIA HOSPITAL

Generous Response in the Way of
Supplies, Equipment and
Money.

This is donation day at Columbia Hospital for Women, 25th street and Pennsylvania avenue, the only hospital in Washington exclusively for women patients.

Donations of food and equipment supplies began to arrive at the hospital early this morning. They included station, friends of the hospital who are interested in the work being carried on there and also from various stores of the city. The lists of articles received included groceries, canned goods, vegetables, household and kitchen utensils, blankets, bed and table linen and other articles. A liberal number of cash donations also were received.

Of the latter class a number were checks for considerable amounts, which were sent by women who had received treatment at the hospital and wished in this way to show their appreciation of the care given them there.

A committee, composed of Dr. J. O. Skinner, superintendent of the hospital; Miss Meade, superintendent of nurses; Miss Putnam, housekeeper, and several nurses, was in attendance to receive donations and show visitors about the hospital. The hospital will be open for inspection until 6 o'clock this evening.

Rapid progress is being made on the new building for Columbia Hospital, now in course of construction. It will be several months before the structure is ready for occupancy, according to present estimates.

East End Suburban Association
Votes Approval of The
Star's Campaign.

At a meeting of the East End Suburban Citizens' Association last night in Van Ness Hall, 1496 H street northeast, The Star's efforts to show the necessity for the enactment of a law to safeguard the sale of weapons was highly commended.

The association condemned the Board of Commissioners' plan on Maryland avenue northeast. James M. Wood, secretary, was instructed to communicate a protest against the plan to the Commissioners.

During the discussion of the plan, it was stated that the change will make it dangerous at crossings.

Officers were elected as follows: William H. Ernest, president; Charles R. Talbert, vice president; James M. Wood, secretary; and R. E. Dittus, treasurer. William J. Clements was elected to membership.

Mr. Wood discussed the proposed condemnation of a strip of land that is to be used in the widening of Bonning road, and the association voted to ask the removal of the railway tracks and station of the Washington, Baltimore and Annapolis line from 15th street to Oklahoma avenue.

CLUBWOMEN ARE SEWING FOR BELGIAN CHILDREN

Invite Donations of Goods to Be
Made Into Little
Garments.

Prominent clubwomen of Washington are meeting regularly to sew up little garments for the needy children of Belgium. This work is being done under the leadership of the Twentieth Century Club relief committee, of which Mrs. Frank Baker, 1901 Biltmore street, is chairman.

About two dozen of the members gathered today in the apartments of Mrs. Marius Campbell, the Mendota, 20th street and Kalorama road, and the result

of the session will be three dozen warm garments for some little children in devastated Belgium. Such garments as were not finished today were taken away by the women to be finished in their own homes.

These included dresses, coats, waists and practically every sort of clothing for children.

The women are meeting regularly for this work, and said today that they would be glad to get material that any one feels disposed to contribute, and that they will make it into clothing. They ask particularly for flannel and woolen goods, but will welcome any donations.

Yarn is much needed, and odds and ends will be used up if sent to Mrs. Baker, 1901 Biltmore street.
